Fresh Oregon Wreaths only $20

As a local, nonprofit organization, the Adaptive Ski Program for people with disabilities engages in many fund raising activities, one being the sale of beautiful wreaths each holiday season. Mountain grown noble fir accented with cedar, incense, berried juniper and pinecones combine to make an attractive display and an ideal gift for those on your holiday list. Wreaths are 18" and will be available for pick up soon after Thanksgiving, allowing plenty of time to enjoy their beauty. If paying by check, please *make it payable to Adaptive Ski Program*.

Thank you and Happy Holidays!
